UKMTO Summary Report: 05 - 11 July 2025

UKMTO Alerts		
Incident	Category	Remarks
026-25	Attack Update 001 Update 002 Update 003 Update 004	061125UTC Jul 25 - MAGIC SEAS - IMO 9736169 - UKMTO received a report from the Company Security Officer of the Liberian Flagged Bulker, MAGIC SEAS, which was in position 14° 28' 00" N - 042° 03' 00" E, approximately 51 nautical miles South West of Al Hudaydah, Yemen. The vessel had been attacked by up to 8 small craft, including multiple Unmanned Surface Vessels (USV's) of which 2 were reported to have struck the vessel, the attackers on the small craft opened fire and exchanged gun fire with the Armed Security Team with their small arms and Rocket Propelled Grenades (RPG'S). It was also reported that MAGIC SEAS had also been struck by a missile at this time. During this exchange it was reported that the Rocket Propelled Grenades that had been fired by the attackers had subsequently caused damage to the bridge of the vessel, at this point all of the crew except the master and the Armed Security Team had been mustered in the Citadel. Approximately 1 hour later MAGIC SEAS was further struck by 1 missile to the cargo hold, with 4 USV's being involved in the attack to the vessel at this time, it is understood the Armed Security Team neutralized 2 of them, whilst 2 unfortunately impacted the vessel with the extent of the damage being unknown. Approximately 45 minutes later it was reported by the Company Security Officer that the crew had abandoned the vessel due to an active fire in the cargo hold and flooding in the engine room, and were subsequently rescued by a passing merchant vessel, all crew were reported to be well and safe. The MAGIC SEAS remained abandoned and unlit for some time, and it was reported to have eventually sunk. - For further details on this incident see: CMF-JMIC InfoNote

For further information or queries regarding UKMTO warnings, advisories or notices call: +44 2392 222060.

Incident	Category	Remarks
027-25	Attack Update 001 Update 002 Update 003 Update 004	071634UTC Jul 25 - ETERNITY C - IMO 9588249 - UKMTO received a report from the Company Security Officer of the Liberian Flagged Cargo vessel, ETERNITY C. Whilst the vessel was in approximate position 14° 42' 00" N - 042° 26' 00" E, approximately 51 nautical miles West of Al Hudaydah, Yemen. It was reported that the ETERNITY C had been approached by multiple small craft firing, and under continuous attack. The attackers also released 5 Rocket Propelled Grenades (RPG's) towards the vessel, this resulted in the ETERNITY C sustaining significant damage to the aft portion of the vessel. It was later reported that the vessel had lost propulsion after sustained severe damage to the engine room. The ETERNITY C has now been reported to have sunk, with search and rescue operations in progress. - For further details on this incident see: CMF-JMIC InfoNote

Electronic Interference Reports Made to UKMTO

10 March - 10 July 2025

01 - 10 July 2025

04 - 10 July 2025

Reports received by the UKMTO of levels of Electronic Interference across the region have increased slightly over the last week. It is still now considered more of a background nuisance rather than seen as a major ("severe") impact on Navigation and safety. However a growing trend that is now being reported is reports of vessels seeing instances of spoofing (i.e. positions of vessels appearing in wrong position) with the obvious implications on commercial and legal status. UKMTO remains keen to receive any reports of Electronic Interference with any amplifying details on which systems are being impacted and to what level of degradation is being experienced.
