UKMTO has received a report of an incident 45NM south of Al Mukha, Yemen.

**Update 001:**

The Master reports an attack by an RPG exploding in close proximity to the vessel from two small craft, white and black in colour, each with four persons on board. The persons on board the small craft are reported to be wearing white and yellow raincoats.

**Update 002:**

The Master reports a further attack by missile at 2245UTC exploding in close proximity to the vessel.

**Update 003:**

The Master reports a third attack at 0340UTC by an Uncrewed Surface Vessel (USV). The ship's Armed Security Team (AST) fired upon the USV, which then exploded a distance from the vessel.

The vessel reports of a fourth attack at 0557UTC, a missile splashed in the sea in close proximity of the vessel. The crew and vessel are reported to be safe and are proceeding to next port of call.

Vessels are advised to transit with caution and report any suspicious activity to UKMTO.
